

RELIABLE SOLUTION FOR A WINNING TEAM

Your success depends on seamless operation. When everything runs smoothly, your entire production stays on track. Enjoy increased uptime, reduced costs, and full control over your vacuum performance with **Total Care**. Let us handle the maintenance and support, so you can focus on what matters most: growing your business and serving your customers.

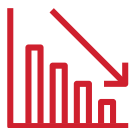

The logo for EDWARDS, featuring a stylized red and white 'E' icon to the left of the word 'EDWARDS' in a bold, red, sans-serif font.A racing driver in a red and white suit and helmet, sitting in a blue open-wheel race car, with both arms raised in celebration. The background is a blurred racetrack with spectators.

All-Inclusive Service Solution

To stay focused on your core business, you need confidence that your operations won't slow you down. That's where **Total Care** comes in. Our expert team takes full responsibility, managing everything from scheduled maintenance and planned overhauls or exchanges to unexpected breakdown repairs.

A white technical diagram overlay on the bottom right of the image. It features a central circle containing the number '#1', surrounded by various geometric shapes like lines, circles, and a plus sign, resembling a schematic or a performance indicator.

#1

How can you lower your total cost of ownership?

Unplanned downtime, production losses, and administrative inefficiencies can significantly increase your total cost of ownership over time. Our all-in-one service approach is tailored to your production environment, combining all essential maintenance, planned overhauls or exchanges, including breakdown repair coverage at no additional cost, under a single purchase order.

How can you ensure maximum uptime in your operations?

Delayed maintenance and frequent wear can impact reliability and reduce uptime. We help you stay ahead with timely service using genuine parts, expert troubleshooting, and professional support, all delivered through a streamlined and responsive process.

Customers with Total Care see up to 18 additional days of uptime per year!

How can you stay in control of your budget, while reducing surprises?

Unplanned repairs, fluctuating service costs, and unexpected downtime can make budgeting unpredictable and hard to control. If you are looking for a transparent, pre-planned annual budget that covers routine maintenance, expert troubleshooting, and even unexpected breakdown repair costs, throughout the duration of the agreement, Total Care is the solution for you.

Customers with Total Care save an average of 20% on service costs over five years!

Genius
INSTANT INSIGHTS™

Real-time monitoring empowers you to stay ahead of service needs, enabling timely interventions that prevent downtime, reduce costs, and keep your operations running smoothly. With ServicePlan™ you have the option to connect to GENIUS Instant Insights™, a remote monitoring solution that provides instant access to performance and service status from anywhere.

**only compatible with select vacuum pump models.*
